Project 3: Enterprise Risk Management (Company G)

Project: Global Banking & Markets: Process Risk Mapping

Target: Company G (Global Investment Banking)

Preparer: Henrietta Onaga, MBA, FCCA, CISA (Exam Passed)

Risk Assessment Matrix:

- **Process:** Trade Execution and Asset Management.
- **Inherent Risk:** High. Regulatory non-compliance and market volatility errors.
- **Control Activity:** Real-time trade monitoring and T+1 reconciliation.
- **Control Weakness:** Identified a delay in the "Know Your Customer" (KYC) refresh cycle for high-net-worth individual (HNWI) accounts.
- **Impact:** Potential AML (Anti-Money Laundering) compliance breach and heavy regulatory fines.
- **Remediation:** Automate KYC expiry notifications 60 days prior to due date to ensure continuous compliance.
